Enclosed are the results of the ENVI-LIEN RESEARCH REPORT. No environmental liens, records of environmental activity or environmental land use limitations were identified.

All reasonably ascertainable land title records were researched back to 01/01/1978.

Thank you for selecting *Environmental Record Search!*

ERS's research has been limited to the information presented in this report. All terms, conditions, and limitations normally associated with work contracted by ERS and presented or associated with the research are in effect at all times. This letter summary, all its information, and content have been derived from and rely upon records filed at the county recorder. ERS did not perform any type of independent investigation of any type, including as to the accuracy and/or completeness of the information derived or otherwise obtained from the secondary source or sources.
